Don't Miss Key Revenue Opportunities with JAGGAER Customers

Platinum Supplier Program

Want to expand your current offerings and maximize net new business through the JAGGAER platform? Take your business to the next level by enrolling in our new **Platinum Supplier Program**.

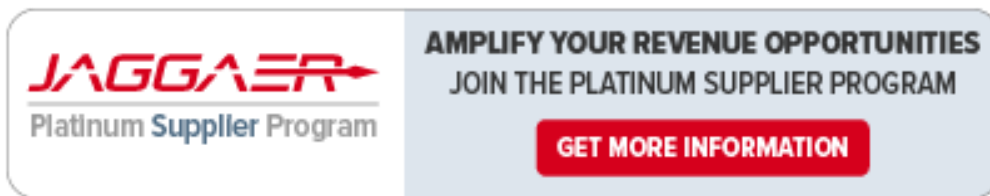

What the Platinum Supplier Program offers:

- New business opportunities with **unlimited priority access** to new customer enablements
- **Enhanced visibility into customer spend** with the ability to convert non-catalog spend into catalog spend
- Elevated customer user experience with increased adoption

Suppliers such as B&H Foto & Electronics, DigiKey Corp, Eppendorf North America, and IKA Works have recently signed up for this program. Want to learn more and see if you would be interested too?

Schedule a call with **Treneil Davis, +1 (919) 659-2284**, to discuss program details.

Email: tdavis@jaggaer.com

The banner features the JAGGAER logo on the left, which includes the word 'JAGGAER' in a stylized red font with an arrow pointing right, and 'Platinum Supplier Program' in a smaller blue font below it. To the right of the logo, the text 'AMPLIFY YOUR REVENUE OPPORTUNITIES' and 'JOIN THE PLATINUM SUPPLIER PROGRAM' is displayed in a bold, black, sans-serif font. Below this text is a red rectangular button with the white text 'GET MORE INFORMATION'.

About NextLevel Conference

JAGGAER holds NextLevel conferences that aim to bring together all the stakeholders in procurement operations in buying organizations. With over 700 attendees from hundreds of our mutual customers, Next Level conferences provide you with an excellent opportunity to interact with decision makers in client organizations.

As indicated in the NextLevel 2016, the last such event that we hosted in Aug 2016, we plan to have such conferences roughly every 18 months rather than keep it as an annual event. Accordingly, the next event, NextLevel 2018, will be held in March 2018. We are in the early stages of selecting location / schedule and will communicate the details to you, as well as the buying organizations, as soon as we have finalized the plans.

Want to Fix Data Gaps in Your Hosted Catalog?

Want to make sure buyers select products from your hosted catalog? Be sure to pay attention to the Data Completeness Reports (DCR) that we generate three times a year. Buyers often end up looking at similar/identical products being offered by different suppliers. Which product gets selected often depends upon how comprehensive / complete the product information is. The DCRs will show you if the catalog has data gaps such as lack of vital Product Flag information for hazardous substances or if your Image URL links are not working or if you have not provided critical data such as chemical structure data where applicable etc.

The second evaluation will be performed based on your hosted catalog content as of May 26, 2017. The DCRs will be provided in the July 2017 issue of the SupplierNews.
