21M Additional Products Added Over the Year!

We performed the standard evaluation of hosted catalogs, the first for 2018, to find that compared to this time last year, we have 21M additional products in all the hosted catalogs! Thank you for your participation in providing a robust offering to our mutual customers. This evaluation was based on content as of 4th February 2018.

While it is nice to see this substantial growth in content, it is equally important to ensure that the products are readily searchable and that the content works smoothly when used in customer's ERP system, in report generation processes etc. Please be sure to review the reports provided below which evaluate key attributes and identify any data gaps.

DCR January 2018 - Overview Document: Please [click here to access](#) this document. It explains how to read these reports, how evaluations are performed and how to close any data gaps identified by these reports.

DCR January 2018 For Your Catalog(s): This document is specific for each catalog. You can access the document by clicking on the link(s) below. Note that if you have multiple catalogs with us, a separate link for DCR of each catalog has been provided.

Key Details About Using Excel Files for Catalog Submissions

As a part of the 18.1 Release that will be effective on April 8, 2018, we will start accepting files for content / price / proxy submissions in Excel format. Note that after this new functionality is made available;

- You can continue to use tab delimited text files just as you do today
- Functionalities associated with submissions, such as specifying Effective Date for a price submission, will continue to be available as it is today

To access a two-page document that provides key points about usage of Excel files, **[please click here](#)**. The reference documentation, such as Supplier Catalog Management Handbook, provided in your JAGGAER Supplier Portal via the 'Online Training and Support' page will have additional details.

If you have questions about this upcoming new functionality, please contact Dr. Subodh Joshi at sjoshi@jaggaer.com.
