## First Data Quality Evaluation of 2019

The standard process to evaluating data quality of hosted catalogs has been completed, first of the three planned for 2019. It is intended to highlight any data gaps in your hosted catalog content that might be affecting buyers adversely. The results of the analysis – based on hosted catalog content as of 25th Jan, 2019 – are provided in the Data Completeness Report (DCR) below, one for each catalog.

**DCR January 2019 - Overview Document:** In this document details of how evaluations are performed and how to close any data gaps identified by these reports have been provided. Please [click here](#) to access the overview document.

Here are DCR(s) for your hosted catalog(s). Note that a separate DCR is generated for each catalog.

## Release 19.1 Will be Available in April

Our first product release of the year, Release 19.1, will be available in your JAGGAER Supplier Portal on 7th April 2019. In this Release, we will introduce new features such as improved user search interface, ability to exchange messages with customer at contract level if allowed by the customer, ability to see fields about commodity code descriptions in configured language selection in the Profile Registration process etc. All the current functionality will continue to be available as it does at present and new functionality will be available to you if applicable.

To get details of these features, once the Release is available, please [click here](#). This page provides the Product Release Information of current and previous Releases.

## Need Support? Call us or Fill in a Web Form

If you need to request Supplier Support for any issue that you might be facing, please reach us using one of the two ways given below and a ticket will be generated:

**Telephone:** +1 (800) 233-1121, Option 2

**Web form:** [Request Supplier Support](#)

**Note that sending an email DOES NOT automatically generate a ticket for the Support group.** Once a ticket has been created, communication related to your case will be handled via email but the ticket itself must originate through either a phone call or our web form.

The information to request Supplier Support is included at the bottom of each SupplierNews issue.
