

JAGGAER 22.1 UI CHANGES

We are very excited to share that we are rolling out a UI/UX update to our JAGGAER Advantage platform.

FAQs

The JAGGAER Advantage UI was updated several years back. To keep our interface modern and easy to use, we are currently planning a UI and UX update for several JA modules. This FAQ answers the questions you may have about this change.

What's the release date?

- It's currently planned for release in 22.1.

What parts of JA are affected this change?

- Sourcing
- Category Management
- Supplier Management
- Supplier Performance
- Contracts
- Spend Analytics [Some portions]

What parts of JA are not affected by this change?

- Jaggaer Assist
- Auction Monitor

What is Jaggaer's Communication plan?

- We will send out email communication several times in the upcoming months.
- We are also planning 2 Webinars as we get closer to the release date.

What will happen to any RPA that is based off the UI?

- Jaggaer supports RPA that uses Jaggaer API and Webservices. Using the UI for RPA is not supported. If you are using APIs and Web Services, no changes are needed.

What will happen to my Custom Javascript changes?

- We put Security first. We will not support embedding Javascript in our products for security reasons. We have a new utility that adds your content like files and links to the product. The content will be available via an icon in the Top Header area.

Will my current customization be impacted by the new UI?

- We will support most of the customizations you already have. See above for Javascript changes. If you have custom Javascript changes, they will not be supported.
- We will provide documentation about the customization changes if any soon.

What will happen to my Second Home page?

- The new UI will not impact your Second Home page. It will stay the same.

Who will see these changes?

- This will be rolled out to all of our users including suppliers.

When is this version available in pre-production environment?

- Please refer to this document for the release timeline: <https://library.jaggaer.com/wp-content/uploads/Product-Release-Schedule-2021-2022.pdf>
