JAGGAER Invoicing

Safeguard Cash Flow and Boost AP Efficiency
with AI-Driven Invoicing
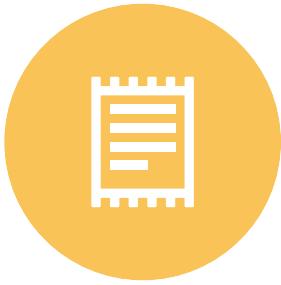

Key Takeaways

- Faster, automated invoice processing
- Lower AP operational costs
- Improved compliance with global eInvoicing regulations
- Greater visibility into invoice and payment status
- Stronger supplier relationships and fewer disputes

Invoice processing is no longer just an AP function—it's a critical control point for cash flow, compliance, and financial accuracy. JAGGAER Invoicing modernizes accounts payable by combining automation, intelligence, and orchestration to streamline invoice capture, matching, approvals, and compliance, helping organizations process invoices faster, reduce errors, and gain real-time control over spend and cash flow.

Designed as part of the JAGGAER One platform, Invoicing applies AI-driven insights and rules-based workflows to adapt invoice processing across suppliers, regions, and business models, ensuring consistency where it matters and flexibility where it's needed.

The Power of a Connected Procurement Ecosystem

JAGGAER Invoicing delivers greater value when it's connected across the Source-to-Pay lifecycle. Within JAGGAER One, Invoicing transforms invoice data into a shared system of record—linking sourcing decisions, contracts, purchasing activity, and payments to improve financial control, reduce risk, and enable smarter, faster decision-making across procurement and finance.

Catalyze: Platform Orchestration

Connected Capabilities. Accelerated Outcomes.

Procurement delivers more value when invoicing and AP connect across the S2P ecosystem:

Source-to-Contract
Optimizes sourcing strategies, maximizes savings, and ensures compliance.

Procure-to-Pay
Accelerates purchasing through payment, improves accuracy, and strengthens financial control.

Supplier Intelligence & ESG
Reduces risk, enhances supplier performance and advances ESG objectives with responsible sourcing.

NÜRNBERG MESSE
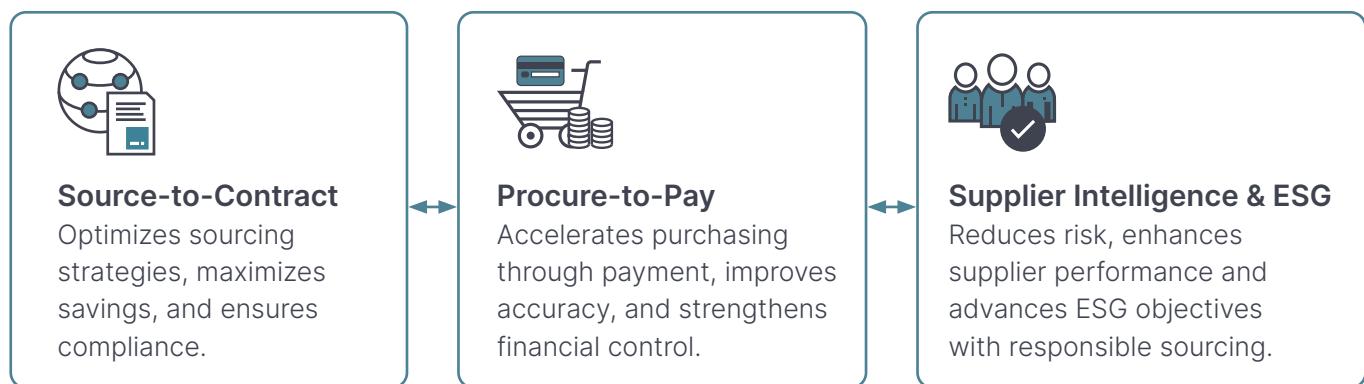

"The process costs of our old procurement procedures were extreme. JAGGAER is helping us to shorten our processing periods and eliminates the manual work that went along with the ordering and invoicing processes. The improvements will soon become visible in the form of reduced costs."

- Department Head of Central Purchasing, NürnbergMesse GmbH
