

PRODUCT BRIEF

JAGGAER Advanced Sourcing Optimizer (ASO)

Optimize Complex Sourcing with Intelligence

Key Takeaways

- Simplify complex sourcing for speed and scale
- Make smarter awards for stronger outcomes
- Increase competition with expressive bidding
- Drive value with integrated rates management
- Enhance decisions with AI-powered insights
- Centralize sourcing and boost compliance

Streamline complexity and unlock greater value from every sourcing event with JAGGAER Advanced Sourcing Optimizer (ASO). Purpose-built for multi-attribute, multi-round events, ASO empowers sourcing teams to manage high-stakes categories like transportation, raw materials, components, MRO (Maintenance, Repair, and Operations), and services with confidence and speed.

With AI-driven optimization, expressive bidding, and real-time scenario analysis, ASO uncovers hidden savings, accelerates cycle times, and ensures awards align with strategic business goals. With scalable workflows, dynamic supplier collaboration, and seamless integration into rate and contract management, ASO transforms complex sourcing into a repeatable competitive advantage.

Meet JAI

Partner with JAGGAER on Your AI Journey

Built on 30 years of procurement expertise and enterprise trust, JAI powers autonomous decision-making across Source-to-Pay.

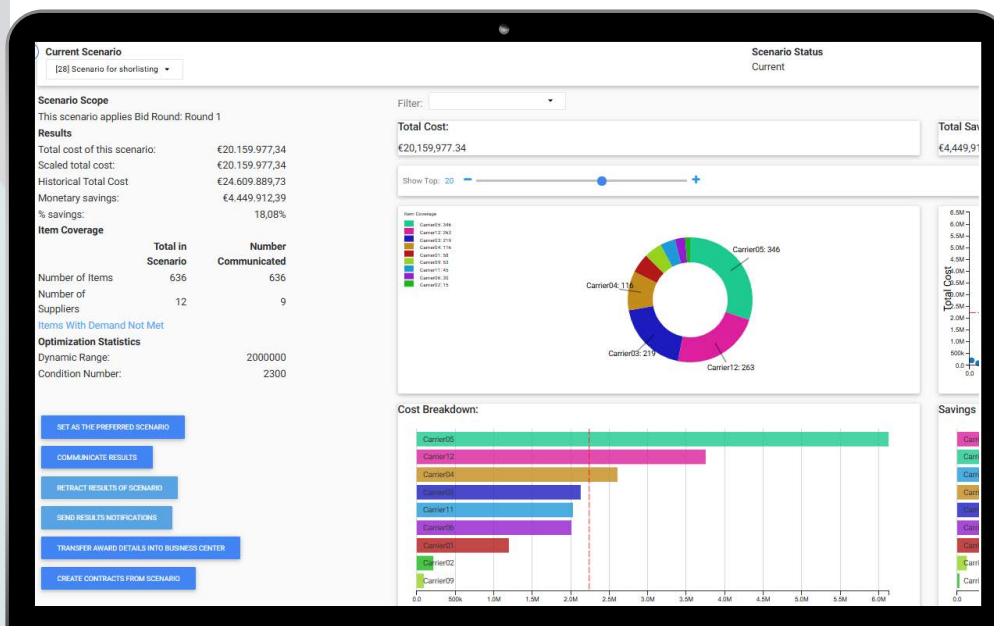

- **Now:** JAI Assist answers, guides, resolves
- **Next:** JAI Copilot provides predictive insights
- **Future:** JAI Autopilot runs workflows autonomously

9%

Incremental savings over traditional sourcing

84%

Reduction in process time and sourcing cycle duration

Key Features and Benefits

Multi-Round Sourcing at Scale

Manage complex, large-volume events with guided workflows and complete control over categories and constraints.

Scenario-Based Optimization

Run “what-if” analyses to align awards with both cost and non-cost factors.

Expressive Bidding

Enable suppliers to submit innovative, flexible bids that reveal hidden cost savings.

Real-Time Scenario Analysis

Compare outcomes instantly to uncover the best mix of cost, risk, and performance.

Seamless Rate & Contract Integration

Transfer awarded bids directly into JAGGAER rates and contracts for faster execution.

Supplier Collaboration & Feedback

Engage suppliers with transparent feedback that encourages competition and drives better pricing.

Intelligent Award Navigator ✨

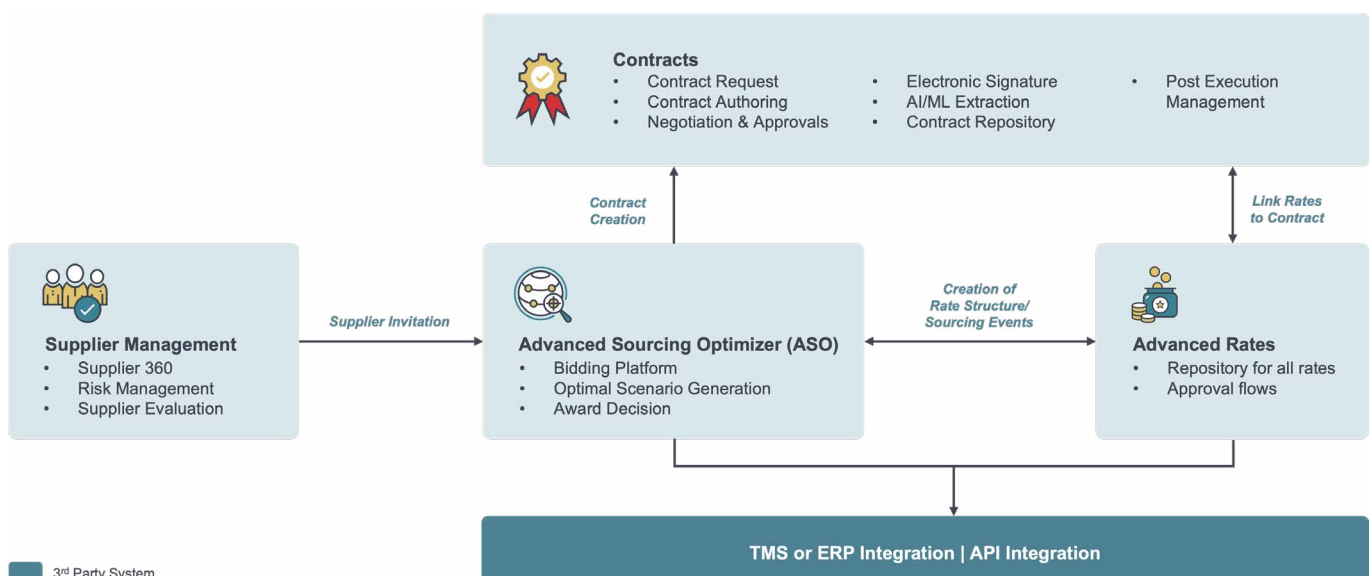

Transform decisions for complex sourcing categories with advanced AI, which enables procurement teams to make smarter and faster decisions.

Total Visibility & Governance

Centralize all sourcing data for complete transparency, enabling compliance, auditable decision-making, and strategic alignment.

JAGGAER ASO: Making Complex Sourcing Simple

ASO simplifies the most complex sourcing events by empowering procurement teams to analyze, collaborate, and make confident decisions within a connected ecosystem.

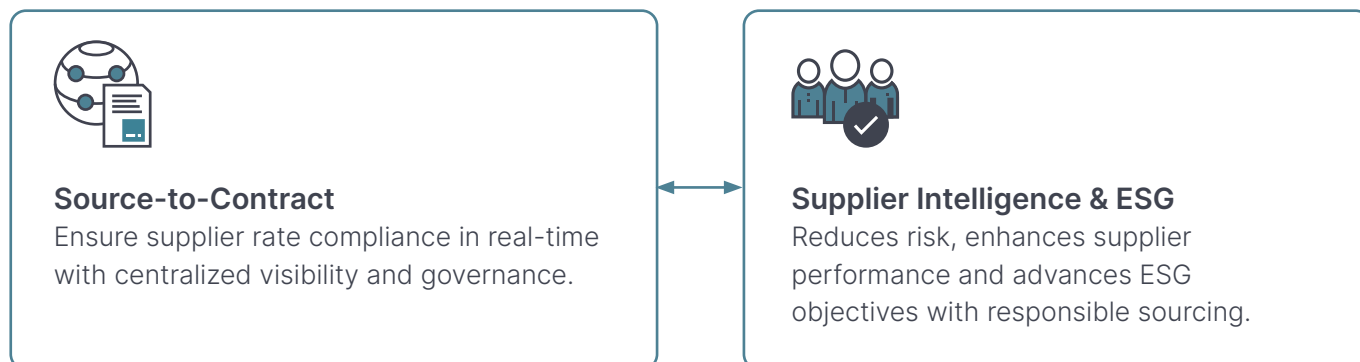

Get Even More Value Across Your S2P Journey

JAGGAER One offers additional modules that extend far beyond core procurement. Each solution is designed to work together, helping you streamline processes, deepen supplier intelligence, and deliver greater business impact end to end.

Connected Capabilities. Accelerated Outcomes.

Connect your ASO with Advanced Rates, Contracts and Supplier Management for greater control:

"With this sourcing tool, we can identify when two or more entities have similar category spends and required materials, and consolidate buying power between them."

- Jonathan Turoff, Strategic Sourcing Manager, ITW
