

Empowering Manufacturers Through Comprehensive Source-to-Pay Solutions

Procurement Platform

JAGGAER One is a comprehensive, configurable, and AI-enhanced Source-to-Pay (S2P) and Supplier Collaboration platform tailored for the manufacturing industry. Designed to streamline procurement, enhance supplier relationships, and drive business outcomes, JAGGAER One helps manufacturers navigate the complexities of today's dynamic global supply chains.

JAGGAER offers a fully integrated suite covering the full source-to-pay spectrum with powerful tools for managing all direct and indirect categories in manufacturing. Gain deep insights and secure capability to handle everything from the complex to the simple.

Trusted by Leading Manufacturers, Including:

How JAGGAER One Delivers Value

- **Direct Procurement Optimization:** Gain a comprehensive 360° view of supply chains and leverage AI-driven analytics to maximize procurement efficiency.
- **Supply Chain Resilience:** Predict disruptions and improve logistics with intelligent forecasting tools.
- **Sustainability & ESG Automation:** Automatically track, report, and benchmark sustainability KPIs to ensure compliance and enhance brand integrity.
- **Agile Procurement Strategies:** Leverage AI-powered spend analysis and proactive risk management for improved sourcing decisions.

“With this sourcing tool, we can identify when two or more entities have similar category spends and required materials, and consolidate buying power between them.”

Jonathan Turoff, Strategic Sourcing Manager, ITW

300+

Manufacturing businesses rely on JAGGAER solutions.

13M+

Suppliers in the JAGGAER network covering core spend categories.

160%

Reduction in average processing time from bid to supplier shipment.

Why JAGGAER?

JAGGAER's cloud-based platform enhances procurement performance with AI-powered solutions, seamless integration, and an intuitive user interface. Drive strategic procurement decisions, improve supplier relationships, and create value across your supply chain.

Industry Challenges Solved by JAGGAER One

Cost Volatility: Raw material price predictability with AI insights.

Supplier Fragmentation: Multi-region supplier management.

Visibility Issues: Real-time spend tracking and monitoring.

Supply Continuity Risks: Predictive material availability analytics.

Logistics Bottlenecks: Transportation strategy optimization.

Inventory Management: Stock level and working capital balancing.

Carbon Footprint: Track and monitor emissions against goals.

Ethical Sourcing: Automate adherence to responsible practices.

Circular Economy Goals: Recycling and resource re-utilization.

Global Standards: Adhere to regulations and safety norms.

Supplier Compliance: Monitor suppliers benchmarks at scale.

Data Privacy & Security: Comply with data protection standards.
